

# We've changed our name!

**NovaCare**<sup>®</sup>  
PROSTHETICS & ORTHOTICS

## Physio O&P is now **NovaCare Prosthetics & Orthotics!**

In February 2016, Select Medical purchased Physio O&P. Changing the name of Physio O&P to NovaCare Prosthetics & Orthotics aligns two organizations that share the same commitment to providing patients with the exceptional clinical expertise and customer service you have come to rely on and trust.

We've changed our name but not our passion. Our same team of dedicated, talented and experienced practitioners will continue to treat you. Beginning with your first visit, you have our commitment that we will be your partner for life.

We are the only Prosthetics and Orthotics provider in the Toledo community that is conveniently located adjacent to NovaCare Rehabilitation. We provide the unique advantage of partnership with our physical and occupational therapists to meet your needs, provide complete coordinated care and progressive fitting protocols. With this coordination, you have a much higher potential for successful long-term use and positive outcomes.

Please join us for an **Open House** as we celebrate our new name. Attendees will enjoy a tour of our brand new facility, meet and greet with our staff and several of our vendors will be on site with prosthetic and orthotics products displayed. Light refreshments will also be served.

### *Open House*
