### CAPABILITY STATEMENT

**American Manufacturing Inc.** specializes in the high-volume production of standard steel containers for Chrysler, Ford, General Motors and their suppliers. We work with all of our customers to optimize product designs that maximize performance and minimize cost. In addition to containers, we provide ergonomic support for production workers to increase productivity and reduce health/safety issues.

### TOP SERVICES

- Production Welding
- High volume steel processing
- Custom fabrication
- Manual/Pneumatic Material Handling products

### INDUSTRIES SERVED

- Automotive
- Alternative Energy
- Distribution
- Military Defense
- Material Handling
- Petroleum and Mining
- Lawn and Garden

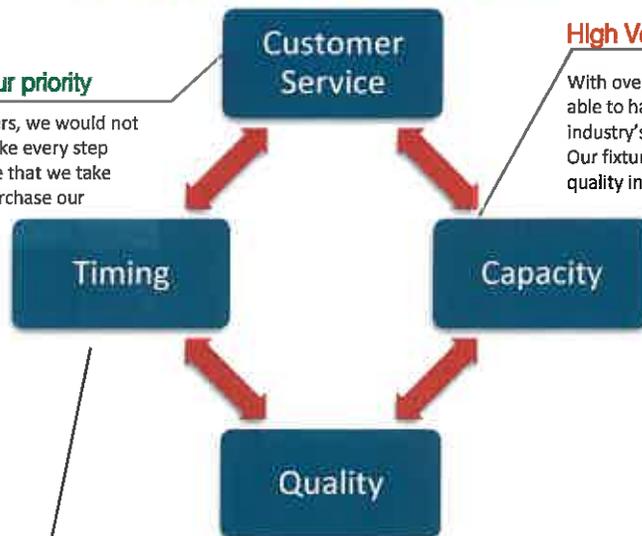

### CORE COMPETENCIES

#### Customers are our priority

Without our customers, we would not be in business. We take every step possible to make sure that we take care of those who purchase our products.

#### High Volume Capacity

With over 300,000 sq. ft. we are able to handle the automotive industry's large production runs. Our fixtures allow for repeatable quality in high volumes.

#### Timing is Critical

We are a preferred supplier to the big 3 because we always deliver. Our timing allows our customers to make definitive production forecasts that increase their productivity. We strive to keep our lead times at a minimum to satisfy our customers' needs.

#### It's All in the Family

Quality is key. We never cut corners when it comes to quality. Our products are built the American way to ensure a long product life cycle. This is a big reason as to our success in the automotive industry.
