

Toledo Day Nursery, Ohio's oldest early childhood program is Nationally Accredited and 5 out of 5 star rated in Ohio's tiered rating system. Many of the children we serve in our three locations come from low income homes. Helping to break the cycle of poverty, and the emotional and physical impact it has on children, is at the heart of what we do. We believe that it is our responsibility to positively impact children's futures.

We are seeking three board members. Two for our finance committee and one person whose expertise is building and grounds. The vacancies in our finance committee came about when one of our members moved to New York and the other to Cincinnati for their professional opportunities. The person for buildings and grounds is needed because currently, we have no one with that skill set.

Please contact Karen L. McCoy, PhD at [kmccoy@toledodaynursery.org](mailto:kmccoy@toledodaynursery.org) or 419-243-2627 to learn more about Toledo Day Nursery and our board.
