

Over the past three years, members of the 180th Fighter Wing have worked diligently, securing a beam from the World Trade Center, limestone from the Pentagon and soil from the Pennsylvania field where Flight 93 ended. Glass ingots, one for each soul lost, will be incorporated into the display of these precious reminders of the terrorist attacks. Informational podiums mark the times of each plane's impact into our country.

Members of the United States Air Force's 180th Fighter Wing, Ohio Air National Guard, envisioned a tribute to the souls lost in the tragedies of 9/11/01.

The events of that day changed not only our country, but also the mission of the 180th: Provide for America; protection of the homeland effective combat power and defense support to civil authorities, while developing Airmen, supporting their families and serving in our community.

Member firms of TRACE, Toledo Regional Architects, Contractors and Engineers, are working together to engineer and construct their vision.

YOU are invited to support this effort.
